ABOUT

With a Master's in Software Engineering from MIT and a passion for innovative technology, I'm eager to contribute to cutting-edge projects and drive impactful solutions in the tech industry.

SKILLS

Programming: Python, JavaScript, C++, Go, Ruby, React, Node.js

Data: MySQL, MongoDB, DynamoDB, Hadoop, Spark

Miscellaneous: Docker, Kubernetes, AWS, Azure, Machine Learning, JIRA, Scrum

EDUCATION

Massachusetts Institute of Technology (MIT)

M.Sc. in Software Engineering

2018 - 2020

Focused on advanced software development, AI, and machine learning.

University of California, Berkeley

B.Sc. in Computer Science

2014 - 2018

Specialized in software development and computer systems.

EXPERIENCE

Tech Innovations Inc.

Montreal, QC

Lead Software Engineer

2021 - Present

Guiding project direction and implementing best practices in software development, with a focus on AI and ML integration.

NextGen Solutions

Montreal, QC

Software Developer

2020 - 2021

Worked on various projects, focusing on backend development and cloud integration, delivering robust and scalable software.

PROJECTS

AI-Driven Market Analysis Tool

Led the development of an AI tool for real-time market analysis, implementing machine learning algorithms for predictive analytics.

Cloud Infrastructure Optimization

Developed a set of scripts and tools for optimizing cloud resource usage, reducing operational costs by 30

E-commerce Website Revamp

Revamped the backend of a major e-commerce site, improving scalability and performance.
